EDUCATION

RMIT UNIVERSITY

Bachelor of Computer Science
2016 - 2018

With a team of 4, as a Team Leader, developer, UI Designer, we developed a cross-platform ride-sharing Web application using Python Django Framework with PostgreSQL as our database management and Heroku for CI/CD and deployment. With the use of Agile methodology, we successfully completed all request from the client, over 4 sprints (10 days each). Designed a user interfaced that was easy to use for mobile and desktop web application.
